Opportunity

Cultura Circular is an excellent opportunity to develop a joint festival between the United Kingdom and Argentina. Under the concept, locally productive, globally connected, We show the benefits to avoid the carbon footprint.

ABOUT COFACTORY[®]

COFACTORY[®] is a multidisciplinary innovation hub and the first digital and industrial manufacturing coworking in Córdoba, dedicated to exploring the creative use of the latest production technologies where projects and communities that work, learn and connect coexist, from entrepreneurs to large multinationals seeking access to innovation, talent and entrepreneurial culture.

ABOUT

Description

UK

PROJECT DESCRIPTION

PROPOSAL

The Event focuses on promoting a sustainable, regenerative and self-sufficient life. It emphasizes local production and global connections.

The festival will bring together the local tech/maker communities of the respective countries and will connect them globally to propose joint interventions between the two spaces belonging to the countries of Argentina and UK.

The theme of the Festival, Circular City Challenge under the concept locally productive and globally connected, a recognition of the changes and transformation.
